

AFG

Vertical Exaggeration = ~3x

*Roads, spurs, fence, and building pad outlines projected onto surface from above

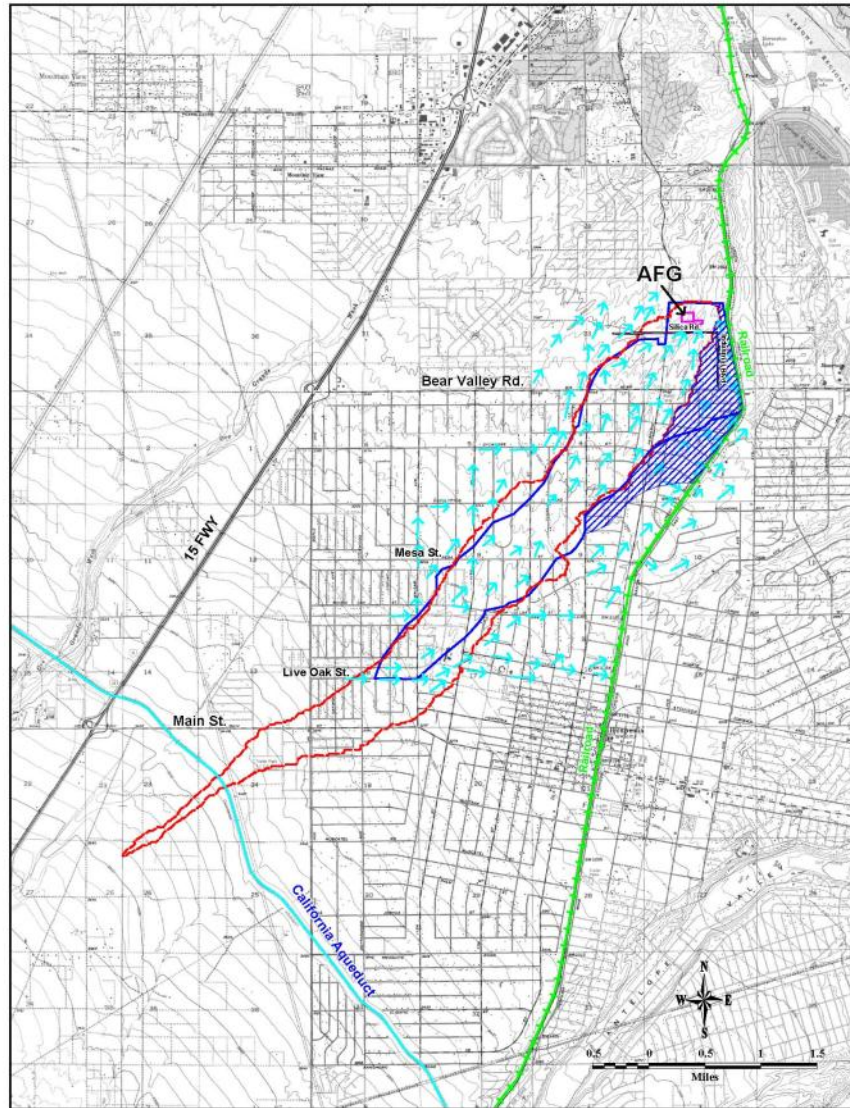

AFG

- Flooding of AFG Plant
- High return frequency rainfall
- Created flow model to describe effects of upstream road

Exhibit D: Key Drainage Elements

Base Map: USGS Victorville 7.5-Minute Topographic Quadrangle

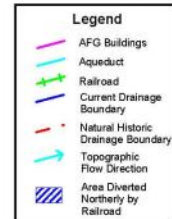

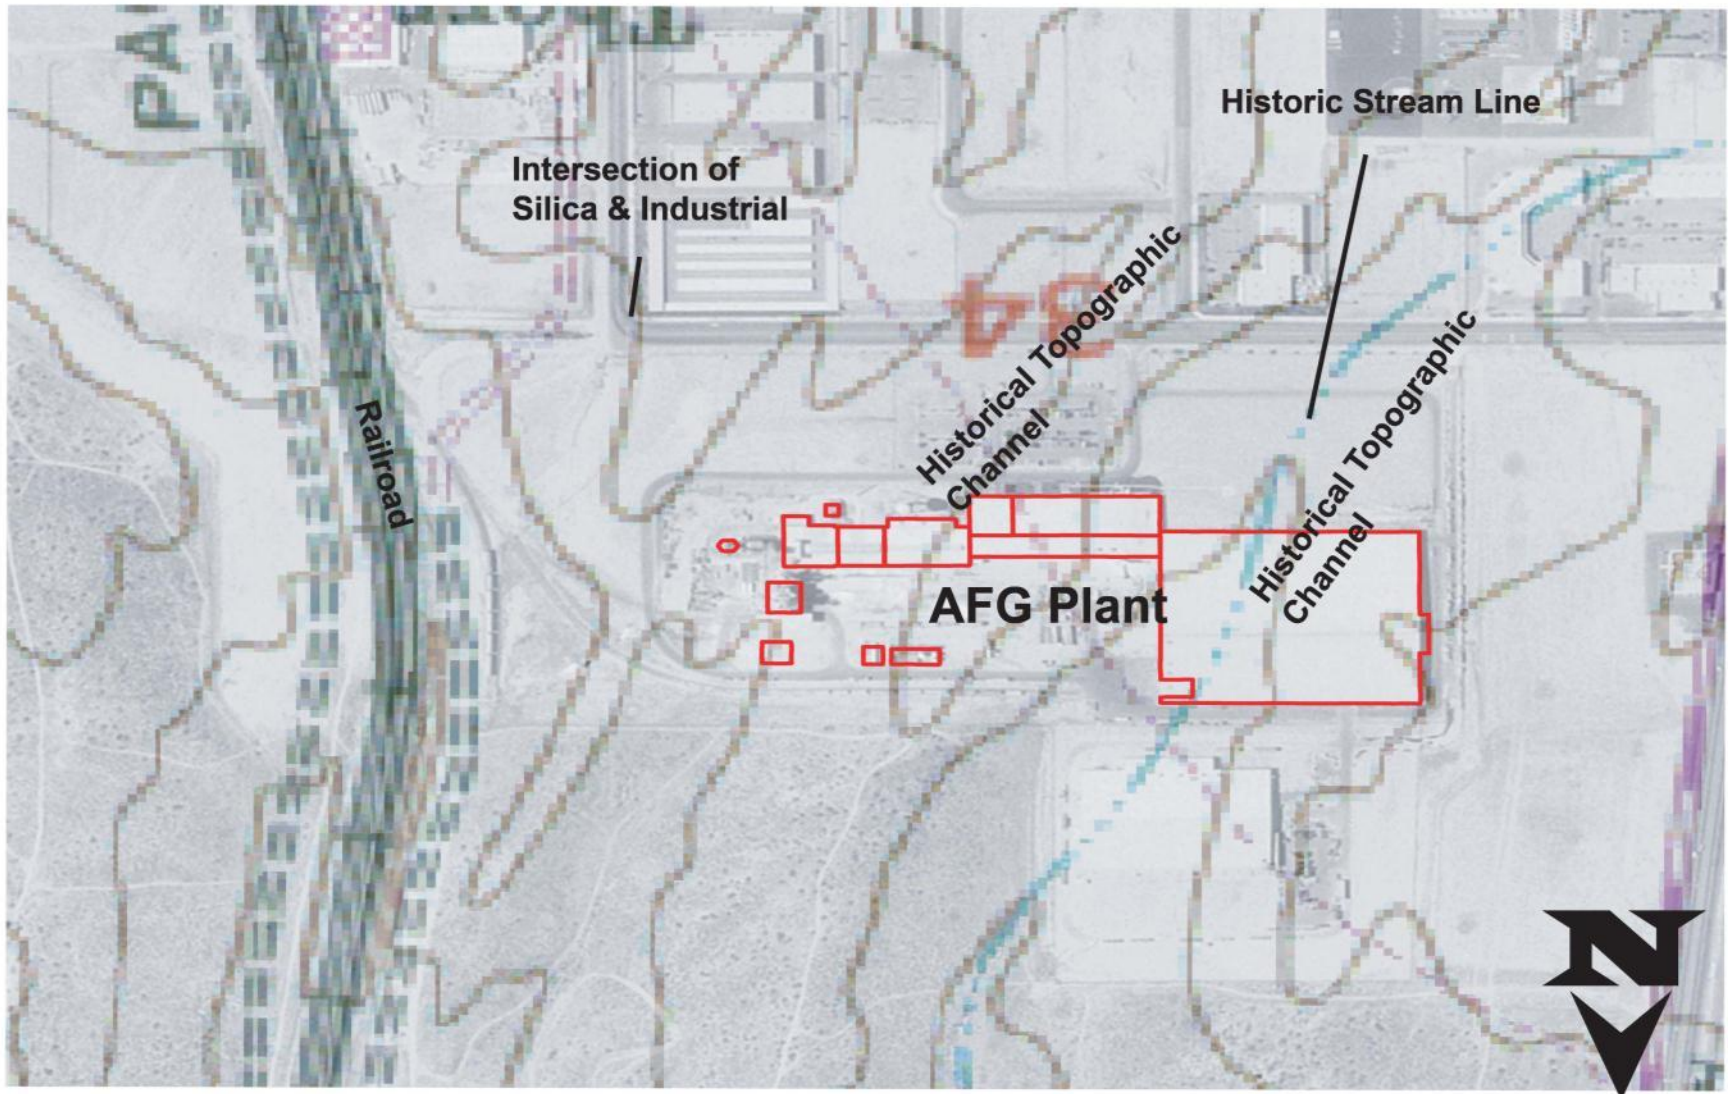

Exhibit 3: Topographic Flow Paths

1956 USGS Topographic Map and 1994 USGS Digital Orthoquad Image
